# PUJA DOOR SOLID TEAK DOORS

There's always a small designated space (pooja room) in every Indian home that is used for practicing religious rituals. It's kept clean, serene, & ornamented. One important aspect of this area is the "door". The door not only separates the Pooja Room from the rest of the house but also provides a wonderful opportunity for creative expression. You can add Jalis or pattern doors that are aesthetic as well as give the space better airflow.
